

Please follow the instructions below for washing your Tamarak Tie-dyed T-shirt!

First Wash Instructions for Tie-dyed T-shirts

- ★ Leave the t-shirt in the bag for 8 to 24 hours.
- ★ With gloves, rinse the rubber banded shirt in COLD running water until the water stream looks pale and diluted. It is normal to have dye flow out of the fabric.
- ★ Cut off the rubber bands.
- ★ Continue rinsing with WARM water until it is fairly clear.
- ★ Wash the shirt separately in a washing machine with detergent until all loose dye is removed and the rinse cycle water is clear.
- ★ Dry as you would any t-shirt and enjoy!
