Week 4 July 10 - July 14

## Our Wonderful Week

Dear A Girl Parents,

What a week the Alouettes had! It was Swim-O-Rama this week! The girls were split into four different groups. They were in either the Penguins, Sea Lions, Alligators, or Whales group. It was fun for the girls to show off all their swimming skills to the whole camp! The A-Girls showed the most sportsmanship that I have ever seen! They cheered for each other and were eager to show each other their team songs and cheers! On Friday, each team got to show the whole camp their song and cheer! Don't forget to ask your Alouette how much fun she had during Swim-O-Rama!

During Challenge, the campers got to use the rock climbing wall for the first time! It was definitely a challenge to get up the wall. Also during Challenge this week, the girls played a game where two of them had to balance on a rope and try to swing the other one off. It was a game filled with lots of laughter and smiles!

The girls were so amazing this week with the rain we had on Wednesday. In the morning, everyone was very patient while we waited for other A-Girls to get off the bus. We played games, colored, hula hooped and so much more! The girls even organized a game with the A-Boys that we could all play together. Once everyone was at camp, we made a trip to Butterfield for an athletic outing! The girls and boys had so much fun playing different games.

On Thursday, the A-Girls got to go on another outing to Barefoot Bay Water Park! Like normal the day was filled with fun, smiles, and the campers just having a great time together!
