Week 2: June 26-30

## Our Wonderful Week

Dear Parents,

Week Two at Tamarak was amazing! The campers are doing great in the swimming pool and I'm so happy they got to show off their swimming skills at not just one, but two different water parks! All the girls had a fabulous time and I, as their Unit Leader, could not be more proud of them than I was on Tuesday and Thursday. The girls are so kind to others within the group and outside of the group. Each and every one of them shows the Tamarak Spirit!

This week the girls started their first step in making their pottery bowls. The first step is to shape their clay into any type of bowl they want to make. On the athletic field, the girls' most favorite game was capture the flag. They loved getting to team up with their counselors and play each other. During some of our free time this week, the girls learned their routine for Tamarak Idol next week! I am super excited to be able to create such a fun dance that will allow all the A Girls to show off their dance moves!

This week, we had our first overnighter! It was so much fun for every single one that came to the undernighter and overnighter. The highlight of the overnighter was designing pillowcases and having everyone in the group sign them. We also played games, went swimming, and put pink streamers and silly string in the A Boys' clubhouse. The campers that stayed overnight even had Dave's famous pancakes for breakfast.

Over all the week was great! I can't wait for what next week and the rest of summer brings!
