July 2-6 Week 3

Dear Parents,

Happy 4th of July week! I hope everyone had a great and safe holiday! The A - Girls had a fantastic week!

What a week it has been! This week was Tamarak Idol week. The girls learned a whole dance to perform in front of the entire camp. The dedication the girls showed to the dance blew me away! They couldn't have performed it better! The girls took the choreography and made it their own; they brought all of the counselors' and my vision to life.

This week in Arts and Crafts, the Alouettes got to do something super special. We made a wish line. Each girl got a piece of fabric that they decorated and put a wish on. We then tied each wish to the twine and hung it up in the Arts and Crafts area. I am keeping my fingers crossed that each girl's wish comes true. Also during Arts and Crafts, the Alouettes moved onto Step 2 of our pottery pinch bowls. They were all very excited to paint their bowls with different shades of pink!

The girls keep improving in their swimming lessons. They always want to show the life guards, counselors, myself, and the other campers when they master a skill and/or stroke.

What a great week the A Girls had!! Can't wait to make more memories at Tamarak!
