

The Cardinal Chronicle

Week 5 July 16 - July 20

Our Wonderful Week

Hi Parents!

The Cardinals had an awesome week 5! This week was nature week and we had so much fun searching for golden nuggets hidden throughout camp. We even had a few Cardinals lucky enough to find one! In science this week we got to make chalk. The girls loved this experiment, and getting to watch the chalk form before their eyes! On the Athletic Field this week we played Handball, which was a new game for most of the girls. Each team had to work together using both their hands and feet to score goals. It was a blast! In Challenge, the girls used their communication and teamwork skills in small groups, while trying to replicate a hidden image using a variety of different pieces of equipment. In Arts and Crafts we designed our tie-dye shirts with rubber bands. We can't wait to wear them next week!

The second overnighter is coming up. We do still have room in the sleepover so even if you did the first one you can still sign up for the second one! We will close it once it reaches capacity.
