July 23-27 Week 6

Our Wonderful Week

Dear Parents,

What another superb week it was in the A-Girls! It was jammed packed with many activities and things to do! This week was Carnival week. The whole week the girls were preparing for Fridays carnival. Each 'A' group came up with a game for Carnival. The Alouettes had four booths Hungry Hungry Hippos, Shoot The Target, Gone Fishing, and Tic Tac Toss!

The Alouettes that are Munchkin Mentors got the honor of going through a babysitting class! During this class the girls learn a lot of things that are not just helpful for babysitting, but things that are helpful in life. The mentors learned how to stop a cut from bleeding and how to patch it up. They also learned how to administer an EPI pen and do CPR on an infant-adult. The girls learned so much and really enjoyed the class!

In challenge this week the girls got to go on the rock wall! Each girl was bound and determined to make it to the top. I am so proud that every girl gave it a try even though they were nervous. Another highlight of the week was we started to shape our floppy bowls in Arts and Crafts. Each camper got a slab of clay and learned how to mold it to make their bowls. Next week they will paint them!

This week was truly one to remember! The girls had a lot of fun and left every activity with a big smile!

HIGHLIGHTS OF OUR WEEK

- Water park outing to Vernon Hills
- Matching on Tye Dye day
- Making crystals in science

REMINDERS

- On outing days have your camper wear their outing shirts and bathing suits
- Wednesday is Tamarak spirit day and Balloon-A-Thon; camp is closed to visitation from 1:00 to 2:30
