

The Bluejay Bulletin

Week 7 July 30 - August 3

Our Wonderful Week

Dear Parents,

Between Olympic Week and our fun camp activities, the Bluejays had a “Tamarific” time at camp this week! At the beginning of the week, each B-Girl was assigned to one of four teams: Peru, Italy, Spain, and Iceland. Throughout the week, they learned their cheers and songs and even got to participate in the annual all camp Tug-Of-War and Balloon-A-Thon competitions.

The excitement surrounding Olympic Week continued into our normal camp activities by getting the opportunity to earn points for our teams through games and activities at the pool, Archery, Challenge, Tennis, and more! Also, each B-Girl got a chance to help her team be successful at all the activities by showing good sportsmanship and awesome team spirit! It was so great to see the girls cheering for their friends throughout these activities and the enthusiasm they all had about helping their teams to victory.

We also got to learn many things at camp this week like how to build machines in Science, water-coloring in Arts and Crafts, new dance moves in Dance, and using our imagination in Drama. We’ve been having so much fun in the Bluejays this summer and I can’t wait for another wonderful week to close out an amazing summer. As always please feel free to call the camp office with any questions or concerns!

-Tasha Stancin, Bluejay Unit Leader

HIGHLIGHTS OF OUR WEEK

- The Bluejays had a BLAST with Olympic Week activities like Balloon-A-Thon, Tug-Of-War, and Song & Cheer!
- There was awesome spirit and sportsmanship on every team!
- It was so much fun to play different games all over camp to earn points for our teams!
