

The Expo Express

Week 8 August 6 - August 10

Our Wonderful Week

Dear Parents,

Week 8 has come and gone, which means that the 2018 Tamarak Summer season is unfortunately over. It was a pleasure to meet and get to know so many wonderful Expos this summer. Personally, my favorite part is to see how much the boys have learned over the summer by strengthening their personal confidence as well as developing a stronger sense of teamwork.

In the pool, I witnessed campers who wouldn't put their heads under the water at the beginning of the summer end with a love of bobbing their heads in and out of the water. I saw campers who started out as decent swimmers improve their form resulting in completion of a swim level or getting closer to passing! The last swim lesson was on Tuesday afternoon, which helped us prepare for the Wednesday morning boy/girl swim meet which pitting the Expos against the Eagles. The boys and girls both swam well in their heats then finished with a giant recreational swim altogether.

It has been a pleasure to get to work with your children this summer and I look forward to seeing them at Tamarak in the future! Have a wonderful school year,

Jonathan Wepler

HIGHLIGHTS OF OUR WEEK

- Boy/Girl Swim Meet!
- "Clubhouse Poster" drawings! Many campers got to take home some of the special artwork that was created by the counselors for our Expo theme this year.
- Extra recreational swims were great for all the campers hard work in their lessons this summer.
- Seeing so many of the new Expo friendships that I hope will continue after camp.

REMINDERS

Hope you have a great school year and look forward to see you next summer.

If you have any questions, please call the Camp Office at 847-634-3168
