Week 2: June 25 – June 29

## Our Wonderful Week

Dear Parents,

The second week of camp was one to not forget! It was jam-packed with a lot of fun and exciting things! The week started off with the girls beginning the process of making their pottery bowl. The first step is to shape their clay into any type of bowl they want to make using a pinch technique. In the coming weeks, the girls will get to paint their creation! Be on the lookout for their pinch bowls to be come home.

This was our first week of Munchkin Mentors. I was blown away by how many girls signed up to mentor the youngest group at camp! We had a record of 47 A-Girls sign up! The girls did an amazing job with the young campers. They interacted with them with such ease and were such fantastic role models to them.

The A-Girls also had their first overnighter! It was so much fun for every single one who came to the undernighter and overnighter. The highlight was designing pillowcases and having everyone in the group sign them. We also played a few games, made lanyards and started to work on Tamarak Idol! If you weren't able to join us this time, you can sign up on our website for the next one!

Overall the A-Girls had on spectacular week! There was so much happening that I couldn't write everything on one page! The smiles in the pictures below will tell you the rest of the story.
