Tamarak Country School's THREES EXTENSION program is for children turning 3 by September 1st. The goal of these extension classes is to provide students with the opportunity to extend their day with a catered lunch, outside play and extend their learning through literacy, art music, science and math.

All Tamarak teachers have both early childhood and elementary teaching experience and have their college degrees in the field of education. Through student benchmarks and ongoing assessment, teachers will focus on differentiated instruction, ability grouping and individualized student goals. Our Learning Specialist will be an active part of the classroom as well.

Tamarak continues to receive the highest levels of accreditations from the prestigious national NAEYC organization as well as from ExceleRate, the highest ranked state organization.
